

# MILAGROS CANDUELAS RIOS

VISUAL ARTIST

## PROFILE

I am a visual artist graduated from Cardiff Metropolitan University's School of Art and Design in June 2023. I studied Fashion Design (1991), at the Madeleine Vionett Fashion College, and ceramics (2003) at the Carlos Cueto Fernandini Occupational Education Centre in Peru. I am currently based in Cardiff City, Wales, United Kingdom. I have participated in different fairs throughout my training as an artist, as well as in different exhibitions. I have been part of the Art Life Society Group since 2023. The subjects I develop in my works are inspired by a deep inner search, to connect with the beliefs and wisdom of the ancient civilisations that populated Peru, my native country. My artistic practice is characterised by my versatility in various media within the visual field such as painting, sculpture, weaving, drawing, engraving, encaustic, and cyanotype, among others. My strengths are discipline, research, responsibility and commitment to my work, persistence and collaboration.
